

Kelly's jersey has been retired!

After a great run, Kelly Becker has decided to start his next adventure which includes travelling, golfing, relaxing, exercising, and pretty much anything else without a defined schedule. Kelly played a vital role on our Customer Success team after COVID in building and growing our services to be even stronger than before.

While Kelly started his professional sales career over 20 years ago in the printing industry, he began with Tricon in 2019 where he brought a depth of knowledge, practices, and personality to our team.

In his time with Tricon, Kelly built and grew numerous key accounts, supported 60 consultants in 4 different industries!

We aren't sure whether we will miss his amazing customer relationship skills, or his Dad Jokes more!

Kelly was instrumental in helping us grow Tricon and build lasting relationships with many clients and consultants. We wish him the very best on the next leg of his journey.

Bon Voyage, Kelly!
